Draft 3-11-15 TCT Meeting Notes

Scott, I may have misspoken at the meeting, but the approval/disapproval due date for the Arkema workplan is 7/31 (not march)—if you could correct for the notes, that would be much appreciated. Also please add an editor's note that the meeting is being scheduled on 4/7 on site so everyone is made aware of this development today.

**Also for “DEQ Oversight of In-Water Work” I clarified that this will mean I become the primary POC for s/c issues for both the cove and 11E. (that’s a change on the cove from Rich, and has already been a point of confusion for Keith at the state evidently).**

Lastly: name spelling: Dan Hafley (vs. halfley)

Thanks & have a good weekend all.
